Dear Mr. Dulles:

I am sending to you three items, a chart 2 ft. x 18 ft. a manuscript, and a tape recording of a subject that means far more than any secrets of the atom bomb could possibly be to the American people. It is far more valuable to our government than anything else, because it is the very foundation on which everything exists. Instead of trying to anticipate what is going to happen in international affairs, you will find a very exact picture, even showing the dates that they occur, when you digest the contents of the "Prophecy of the Holy Bible," as revealed in the above three items.

The revelation of the scriptures shown herein are primarily to prove to you the overall picture of the present day setup of events. Subsequent information will follow in the mail as soon as definite communications has been established with your office. The very secret information as pertaining to the functioning of the "Armed forces of the Lord, showing their time table is more startling than ever the information that the Lord has revealed to us as shown on the chart, "Scroll of the Ages," that is in this mail.

Every word shown in this total analysis is taken word for word out of the Holy Bible and it cannot be ignored.

Pertaining to the author's qualifications: I am 54 years old. A graduate student of the Oklahoma State University in the school of Mechanical Engineering, with a B.S. Degree. A student of Electronics. And for the last twenty-one (21) years a student of the Lord's word, studying it in a very analytical and prayerful way seeking the understanding, knowledge and wisdom of His word. It was only in February of 1959, the revelation was given to me that bridged the gap from the time of the cross down to the present day. The abundant revelation that was given to me then has kept me busy preparing this information. Inasmuch as I have tried to run this one man small business, which has suffered to the point of ceasing to operate because of the great attraction of the Holy Spirit to do this work of preparing the manuscript, "Scroll of the Ages," and have neglected the mechanics of operating this business. I am a protestant, however this revelation is for all mankind regardless of their denomination.

Mr. Dulles, please do not delay in listening to my plea.

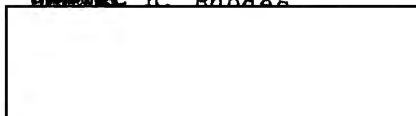

Yours very truly,

By G.R. RHODES
